Energy saving awareness

We have an ego responsible approach – to water, energy and recycling.

A simple gesture can have a huge effect. Please put in the bath any towels you wish to change. Please also do not forget to switch off all lights, the TV and all running taps when you leave your room.

Take part in our environmental programme !

Our establishment has made a commitment to preserve natural resources and limit the impact of our activity on the environment.

To avoid wasting water and overusing polluting detergents, we invite you to take part in this initiative by leaving this card on your bed if you are happy to reuse your bed sheets and pillowcases.

Thank you for your contribution !

The management
